Effective Teams

by Correy Watkins

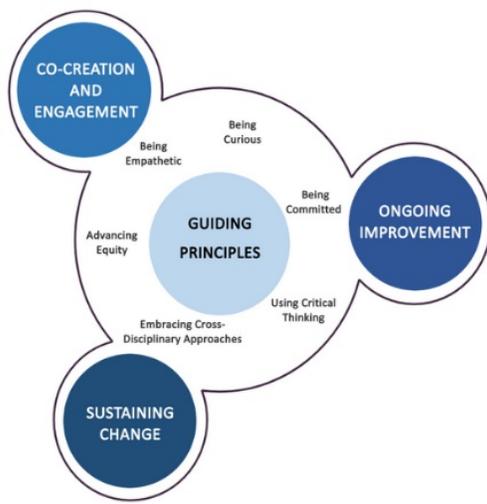

Is there something more to teams than just groups of people who periodically come together? How do teams, or implementation teams as we think about them in our work, become the catalyst to achieving more?

Implementation Science for Educators Podcast

Tip 19: Defining the Functions of an Implementation team

Dr. Caryn Ward, Director of NIRN, and Dr. Kim St. Martin from the MiMTSS Technical Assistance Center join our podcast to discuss implementation teams. They break down the functions of an implementation team, explain the difference between a leadership team and an implementation team, and discuss how to manage ALL of your teams!

NIRN Virtual Event

Implementation Support Practitioner Core Competencies - 4 Part Series

The National Implementation Research Network team wants to incorporate the thoughts, perspectives, and real-life experiences of those who work within implementation science into resources that support the

Implementation Support Practitioner Core Competencies. To that end, NIRN is providing a unique opportunity for the implementation science community to come together and participate in the alignment of the implementation support practitioner core competencies to activities within the **Implementation Stages**. Each session is guaranteed to be highly interactive, with time prioritized for collaboration and

networking.
