## Hexagon Tool Process: Lessons Learned

by Amy Wassmann & Rebekah Hornak

The Hexagon Tool was the number one resource accessed in 2021 on the Active Implementation Hub. What is so fascinating about this tool? Why is this resource the most utilized out of all of the resources on the AI Hub?

## AI Hub: Hexagon Tool Resources

Everyone's Favorite Tool!

The Hexagon Tool is one of SISEP's most used resources. By popular demand, we want to ensure that you are all aware of the resources available to help you use the tool as part of a larger process.

## NIRN Virtual Event

### Implementation Support Practitioner Core Competencies - 4 Part Series

The National Implementation Research Network team wants to incorporate the thoughts, perspectives, and real-life experiences of those who work within implementation science into resources that support the

Implementation Support Practitioner Core Competencies. To that end, NIRN is providing a unique opportunity for the implementation science community to come together and participate in the alignment of the implementation support practitioner core competencies to activities within the **Implementation Stages**. Each session is guaranteed to be highly interactive, with time prioritized for collaboration and networking.
